

Protect-Preserve-Enjoy

Little Manistee Watershed Conservation Council

meeting was called to order 1004 attending were Joyce d, armas s, pete l & tim p.
guest - chasity gouker

sep minutes still not reviewed as steve not present, oct minutes approved

project status

section II & I see grants below

2018 erosion sites - nate working on identifying new owners for mirandette/paul severe site ;
moderate sites vass(not responding to permit), Patterson & Fairman probably delayed until 2020
due to high h2o still everywhere, owner for #39 david Cornelius found and is supporting proposal
nate to start eval and permit for inclusion for spring 2020 work, sites 19,34/35,51,31,32,48&20 on
hold ufn;

cra in for up to \$7,191 for this years support, nate to forward an invoice for work so far this year,
shawn has done no erosion work ytd due to the continued high h2o, - \$7,000 committed by lmwcc
probably will not need until next year; i.c. sites #25&26 nate permitting for work in 2020, nfs
sites 78&79 nate to coordinate with nfs for doing something in 2020.

Wmp

armas and Joyce went over payment schedule and we are on track \$4,000 to be paid nnw by
lmwcc upon final draft approval and formal submission hopefully by dec 2019, final \$8,000 to
nnw upon final egle and fed approval next year.; stream monitoring ongoing armas getting info
on possibly grant providing 6 sites along the river, catch 22 is in kind funding probable on us for \$
?,???; wmp steering committee meeting to be held next feb or mar armas and joyce working it.

Grants

dnr fgdp grant for section II being worked by david. \$17,000 funds from lmwcc committed in
sep. property owners, kamstra, tracked down and are in full support so we can go forward, cra-
nate agreed to manage the grant if we get it, he will get preliminary estimates on
where/design/apx costs to david in time for submission by 22 nov, also have Jeremy g and dani
m supporting with concept/plans.
david to work other possible grants for supporting next year's \$8,402 cra costs for the new
erosion sites survey.

old bus

membership lists updated by pete (looks great as has paypal donators included), the survey for
support of dnr pursuit of natural river designation sent out last thursday(according to jim gave the
green light to the printer);
no website updates as no steve;
cra road/stream crossing inventory completed by ctra and \$780 sent by lmwcc to cra to fund
publishing results.

2020 watershed support/volunteer groups meeting being coordinated by wayne Anderson, costs yet to be determined;

Joyce reported on final results of h2o and bug surveys the results were both in good shape despite the high waters.

new business

revised by-laws approved and published in oct thanks to emeritus Gordon;

discussed a fall/winter news letter and it is complicated to say the least - chasity volunteered to work on getting one out but doesn't do the writing board members will need to step up and supply her info, tim to coordinate with david to see if he will help support chasity in that regard

armas to coordinate with wayne Anderson on a real estate info package.

board members need to think an who to ask for next years annual meeting presentation.

Chasity Gouker volunteered/committed to join our merry band of Trustees and was unanimously and immediately voted onto the board. CONGRATULATIONS CHASITY !!!!!!!!!!!

dan to coordinate santa parade;

meeting adjourned 1157

next meeting dec 7, 2019 @ elk twp hall
